DETAILED ACTION

Allowable Subject Matter

Claims 44-59 are allowed.

The following is an examiner's statement of reasons for allowance:

Applicant's remarks submitted 8/24/06 are deemed persuasive. That is, prior art fails to teach nor suggest the limitations of claim 44 in combination as recited. Specifically, prior art fails to show that the high density layer in conjunction with the substrate *completely* surrounds the high density layer as depicted in Fig. 6 and 7 of Applicant's drawings. Claim 44 is therefore allowable, the remaining dependent claims act only to further narrow the allowable subject matter and therefore are also deemed to be allowable over prior art.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
